VOL. NO. 73 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, MAY 10, 1934 — NO. 3

Our Town

By J. B. White

That prices are not running away from wages is shown in a Nation-wide survey just released by the Standard Statistics Co., the purpose of which was to "ascertain whether the net purchasing power of the average worker has been enhanced by his higher renumeration," with special consideration for the result of the recent wave of wage increases.

"Analysis of the trend of recent price changes," says the survey, "and their relation to all items contained in the average worker's expense budget, indicates that thus far (to April 19, 1934), he has had to bear an insignificant part of the higher cost burden. Food prices, where largest gains in prices already have occurred, account for only 30 per cent of average expenses; the increase in clothing prices affects 12 1-2 per cent."

More than 50 per cent of the worker's budget, the analysis discloses, comprises shelter, fuel, insurance, medical care, car fare, and other miscellany in which costs are relatively fixed or price increases are "slow to penetrate." Many of the price advance burdens already had been assumed prior to the wage changes, so that the wage earner felt the benefit in an immediate increase in purchasing power.

These considerations lead to the conclusion as expressed in the survey that the "expanding employment and increases in industrial wages are building up a firm background of increased buying power for moderate and sustained recovery."

Labor disturbances, always prevalent in the tedious restoration of normal trade conditions, the survey indicates, will continue to be more numerous in the progress of recovery from the world's worst depression. "But," it concludes, "the fact that these are occurring in a basic rising cycle of business is generally of bullish significance to industry."

GRAND JURY RETURNS 9 BILLS INDICTMENT

The Grand Jury made a partial report Wednesday afternoon and were permitted to recess until July 2nd.

In three days session they examined 48 witnesses and returned a list of 9 felony indictments as follows: Lovie Lee, false swearing; Aubry Farmer, burglary; Herbert Williams, burglary; E. L. Burleson, two cases, felony theft; Louis Moore, operating a car while intoxicated.

The other cases have not been arrested.

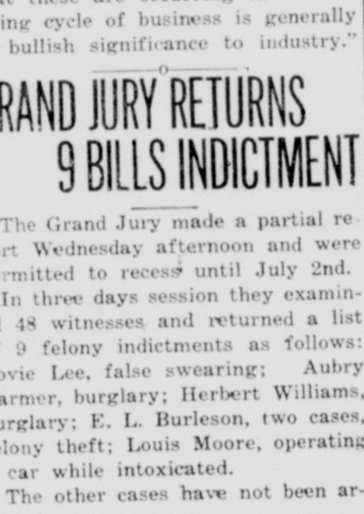
Oil Men Hold Code Meeting In Cameron

Jesse Brock, secretary of the Code Compliance Committee of the oil dealers, reports a meeting held on April 27 in Cameron with W. E. Gaither, chairman presiding.

Arthur Dyer of Dallas discussed the petroleum code. Perry Neagle of Waco and Mr. Gaither also spoke.

There were 39 dealers present including some from Falls county.

Mae's Choice



A slender brunette, Eleanor Byaraly, was selected by Mae West, a buxom blond as the most beautiful girl in Simmons University, Abilene, Texas. Photos of twenty beautiful girls were submitted to the movie queen by The Simmons Brand, weekly university newspaper. Miss Byaraly is a senior from Kalamazoo, Mich. (Texas News Photos.)

Resigns

L. VAN PERKINS

Former State Commander of the American Legion, Mr. Perkins resigned his post Saturday, May 5, following charges filed against him before a United States Commissioner at Waco, charging him with forging the name of a payee to a government obligation.

It was understood here that charges were brought by a veteran at Franklin who alleges he has not received all the money due him from checks cashed by Perkins.

In placing his resignation with State Adjutant George E. Hughes, the former commander, said that due to unfavorable publicity which involved his personal affairs only, he took the course of resignation.

Perkins said that it had been his practice to have checks sent him to be cashed as a convenience to veterans. The amount involved in the charges at Waco is $987. Perkins was released under $1500 bond.

FOOTBALL BENEFIT IN CAMERON ON MAY 18

A foot ball game between the Seniors of the Yoe High School and the 1934 foot ball team will be staged on Thursday night, May 17 at the Yoe High Athletic field.

This game should prove to be one of the most interesting of class games as it will bring into play experienced men who have carried the colors of old Yoe High for the last time, and a squad who will carry the colors for the school the next session, under the coaching of L. C. Woods of McGregor, the new foot ball and athletic coach for Yoe High. Woods is classed as one of the three outstanding foot ball coaches in class B. high schools in the state. He has been in Cameron for the past two weeks coaching the 1934 team. Foot ball fans will see Coach Woods put his system into practice on the night of May 17.

This game will be for the benefit of the athletic fund of the Yoe High school to clear indebtedness, and the support of the citizens of Cameron is urged.

21 Legion Posts In N. M. Lose Charters

Indianapolis, May 4.—Charters of 21 posts of the American Legion in the department of New Mexico were canceled by the National Executive Committee of the organization today.

The action was taken on recommendation of Commissioners William M. Alterof Denver and I. A. Jennings of Phoenix and Co-ordinator Ollie A. Davis, who were appointed six months ago to investigate charges that posts in New Mexico had violated the Constitution of the American Legion.

The posts were charged here last November with having engaged in partisan political activities.

Green & Boedeker To Occupy New Building Here On June First

Green & Boedeker, grocery merchants who are now operating their store in Santa Fe Town, will move to the Chambers building on June 1, it was announced this week.

The store will occupy the north building of the group now being placed in shape for the new store. These young men have been engaged in business for more than a year with great success and their many friends and customers will be glad to know they are to occupy these new quarters across from the federal building.

This will be a modern grocery and friends of these young men are glad to know they are making progress.

LELAND GREEN WILL ESTABLISH BUSINESS

Leland Green, former associate with C. N. Green in the Green Bros. business in Cameron, has dissolved partnership and will establish his own business.

Mr. Green has leased the Chambers building across from the post office and will establish the Green Funeral Home. He has purchased the undertaking business formerly operated by the Green Bros. Store. In addition he will place a stock of hardware in the building together with household goods.

Mr. Green will open his place of business on June 1. His many friends will be glad to know that he is to enter business for himself. The Green & Boedeker grocery business now operated in Santa Fe Town will occupy the north building of the Chambers group. Herman Boedeker will have charge of a radio department in the new set up as well as in the grocery department.

As a Cameron business man for many years Mr. Green is thoroughly conversant with business here and his firm will be a strong commercial enterprise and will add to the business structure of the city.

Mother Cat Gives Home to Armadillo Baby Near City

Ripley is certain to get some additional material for his daily "Believe It or Not" cartoon.

A mother cat on the Rice Farm south of Cameron along with her family of kittens is nursing a baby Armadillo.

Edgar Wilson, mail carrier on route four was shown this unusual dwelling together. Mrs. A. C. Edmonds has the baby Armadillo which was taken from the den some days ago. She placed it with the kittens and it is being reared by the mother cat.

BILL ALEX BONDS FOR ASSESSOR & COLLECTOR

Bill Alex Bonds, widely known citizen and Cameron business man, is a candidate for Tax Assessor and Collector for Milam County, subject to the Democratic Primary election to be held Saturday, July 28, 1934.

The formal announcement that he would be a Democratic candidate for this place, was made for publication by Mr. Bonds on Wednesday afternoon. It will be received by his hundreds of personal friends with approval and also with interest by the people at large in this county where Mr. Bonds has lived and is so well known to the citizenship.

Mr. Bonds is grateful for the hundreds of supporters who have pledged themselves to assist him in his race for this office. He requests publication of his thanks and now that he has announced formally for this office, assures each of them that their support will be greatly appreciated and anything they do in his behalf will be treasured as an obligation which he would pay in service to the people.

Qualified by experience for this responsible place in the County Government, Mr. Bonds' candidacy presents an appeal for efficiency in the administration of this office. his his friends point out, and by reason of his availability at this time his announcement will have a wide gen-

ALLRED WILL SPEAK IN CITY SATURDAY

James V. Allred, attorney general and candidate for governor on the Democratic ticket, will speak in Cameron Saturday afternoon.

The address is scheduled for 4 p. m. on the Court House lawn.

Local supporters of the attorney general are said to be making preparations for the speaking.

We Close the Door to Chislers

In declining further co-operation with the Cameron Business & Professional Women's Club whose consistent policy toward the Press of the city has been that of ingratitude, The Herald also wishes to say that its policy of aid to National Recovery, will be manifested in declining aid to any other organization, or individual, when it becomes as patently evident as in the case of the business women, that they will not conform to the rules of fair play.

Regretable though the circumstances may be, we nevertheless feel the necessity to say to the people of Cameron and to the big family of readers that we make this declaration of policy not in order to serve a selfish interest, but rather on the broad determination to place ourselvs on record anew for the good principle of good neighbors in business and the cumulative co-ordination of community effort, each seeking to apply the Golden Rule and sharing a common viewpoint for the community.

Last week a representative of the Business Women's Club called this office to request front page publicity for a play to be given by the Club. Such printing as would be necessary to properly present the play would be given local plants, they said, based upon a bid for the cheapest price. That publicity was freely given as has been hundreds of columns in the past. A program involving a high classification of mechanical effort was submitted and the Code price was quoted. The program carried advertising of local merchants and not overlooking the weakness of the candidate who is preyed upon from all angles, they were represented.

The Club awarded the contract to J. T. Parma, a grocer, for the sum of $18.00, when the Code of Fair Competition Price was $35.50. For the information of readers, the program carried in excess of $80 in advertising revenue (if all paid the same) but the price quoted by legitimate printers was based on the costs and code determination of fair prices.

The Club was willing to help the honest printer get around the code by awarding the contract at $35.50 provided the printer would give a donation of $17.50 to the student loan fund. Mr. Parma is alleged to have done this and therefore is represented by the Club as an NRA printer, although he advertises himself as a grocer. He profited in this instance not at all. He made no profit on the program although its appearance was cheap enough, a jute appearing wall paper being used against machine finish book figured by the legitimate printer.

Grocery merchants, dry goods merchants, political candidates and all others whose advertising appears on this program should know that the Club in co-operation with Mr. Parma, has for the time being engaged in a successful piece of rascality to evade the Code of Fair Competition set up for the Graphic Arts of the country and approved by the President of the United States. Only this week Cameron's legitimate printing plants received an approved cost system from General Johnson. This system was refused by Parma. Why? Because he is not a legitimate printer and is flying the Eagle under false colors.

Co-Incident with this program, a large share of its labor costs going to an out of town linotype, there appeared upon the streets a circular printed by mimeograph in the Commercial Department of the High School. This constitutes unfair practice and The Herald will decline beyond this issue to co-operate with chislers even though they abide thus in the temple of public favor. For several years legitimate printers have had the active competition of the high school in matters of this kind. The school board should stop this practice or make a good job of commercializing the school by opening it up to the grocery, dry goods and other merchandising efforts.

We close the door to chislers, space grafters, medicants who hold out the palm for free gifts and stab their friends in business.

Air Mail Contractor

Major Bill Long (above) is president of Long & Harmon, owners of the Dallas Aviation School, which received an important air mail contract. C. E. Harmon is general manager of the firm, which has headquarters in Dallas. The routes follow: Fort Worth, Dallas, Galveston; Fort Worth, Dallas, Waco, Austin, San Antonio, Brownsville; Dallas, Fort Worth, Wichita Falls, Amarillo. (Texas News Photos.)

DEMOCRATS TO OPEN CAMPAIGN MAY 18

At Burlington on Friday night May 18 the Democratic Campaign in Milam County will be officially opened under the auspices of the Democratic Executive Committee.

The Committee Chairman has arranged for the schedule which includes 15 speaking engagements. The date will be on May 25 in another section of the county, the date and place yet to be announced.

Burlington people will welcome the candidates and will make such plans as they deem necessary for entertainment.

All precinct candidates in Beats 6 and 7 are requested to be present. They will be given major consideration at the opening speech making program.

BURRIS C. JACKSON WEDS AT HILLSBORO

Burris C. Jackson and Miss Estelle Robertson of Hillsboro, were married Tuesday evening at 8 o'clock in the First Baptist church of that city. A reception was held at the Newman Hotel following the wedding ceremony.

Stanton Dossett of Cameron was a member of the weddng party.

The bride is from an old and socially prominent family in Hill County. She was beautifully attired in white net and carried a bouquet of radiant pink roses.

Mr. Jackson is a prominent Hillsboro busines man and young Democratic leader. He is chairman of the Hill County Democratic Executive Committee and the son of General Jackson of the 36th Division in the world war. General Jackson and Major John L. Denson saw service on the Texas border together and later went to France with the American Expeditionary Forces.

White Squirrel Is Caught in Sandhills East of Cameron

A white squirrel, the only one of its kind ever seen in this section, so far as known, was caught by John Williams and Frank Newton one day this week.

The squirrel, snow white, is normal in size and has pink eyes. He was taken from a tree in the sandhills east of Cameron near the Cannon Snap Creek section. A cage has been imprivised for the squirrel, and many have expressed surprise that squirrels are found anywhere of this color.

Examination Called For Firemen-Laborer At Local Postoffice

Joe Matula, secretary of the local civil service board, has been notified of an examinaton to be held under evil service for a firemen-laborer at the local post office.

The closing date on applications for this place is May 21. Application blanks may be had at the local post office. The position pays about $1200 each year.

DR. W R WALLIS OF ROCKDALE DIES

Rockdaue, May 6—Dr. R. W. Wallis, age 63 years, prominent physician of this city, died at his home early Saturday morning. Dr. Wallis had been in declining health for the past year. He is the only son of the late Dr. R. S. Wallis and Mrs. Elizabeth Wlcox Wallis, distinguished physician and surgeon, who came here from Little Rock, Arkansas, more than 40 years ago.

Funeral services were held from the family home Sunday afternoon at 3 o'clock, with the Rev. L. E. Strickland, pastor of the First Baptist church officiating.

Interment was made in the family plot in the I. O. O. F. cemetery.

Surviving are his widow, Mrs. Martha (Wills) Wallis, a half brother and half sister, Jack Wallis and Mrs. Jane Carpenter of Arkadelphia, Ark.

LABOR TO BE SUPPLIED BY LOCAL NRS OFFICE

All kinds of labor will be supplied from the local NRS office. Anyone who desires laborers and skilled workmen should get in touch with the office, in charge of R. C. Moody.

Thousands of men have been registered. Up to date more than 200 men have been returned to farm work alone.

Partnership Here At Green Bros. Is Dissolved May 1st

Partnership between C. N. Green and H. L. Green in the firm of C. N. Green & Brother, has been dissolved according to announcement of the firm published this week. The dissolution was made May 1.

The 35 year old business firm of C. N. Green & Bro. will be known in the future as C. N. Green & Son. Partnership in the firm is taken by Chas. F. Green.

H. L. Green has purchased the undertaking business and will move to the Chambers building now being prepared for this new firm to be known as the H. L. Green funeral home.

C. N. Green & Son will continue their grocery, hardware and furniture business as usual and in this issue advertising will be found setting forth this new arrangement of the firm.

Mr. and Mrs. W. C. Shipley and son Horton Shipley, of Waco, were guests Saturday of Mr. and Mrs. S. A. Cottle.

Knights Columbus Convention To Be Held May 17 and 18

State Convention of the Knights of Columbus will be held in Austin on Thursday and Friday, May 17 and 18th, according to J. C. Andres who will attend.

A change has been made in the dates. It was first announced the convention would be held on May 15 and 16 but the correct dates are May 17 and 18.

B. P. Matocha will be a delegate along with Mr. Andres.

Joint Incomes?

Congressman Hatton W. Sumners of Dallas, chairman of the House Judiciary committee, opposes the bill abolishing separate returns on community property in Texas and seven other community property States. Sumners also opposed some bills providing Federal action in suppressing crime, saying they usurped some State's rights. (Texas News Photos.)

Quebec Is Oldest Walled City in North America

Quebec, the ancient capital, is the oldest walled city on the continent of North America, observes a writer in the Montreal Herald. No place-name in the country carries with it so much of the historic or the picturesque. Historians do not agree as to its meaning, but the most generally accepted theory is that it is derived from an Indian word meaning "where the river narrows."

Champlain founded the city in 1608 and the story of its growth is indelibly linked with the early history of Canada.

The historic Citadel crowns its heights, 365 feet above the river, and from these cliffs the city slopes down to tide-water level at the St. Charles river. Though the city has kept astride of modern progress it is visited annually by thousands of travelers who carry away memories of its ancient buildings, and Old world streets redolent of the colorful scenes of an earlier day.

It has an ocean port with docks capable of accommodating the largest ocean liners. Near where the great ocean liners dock Wolfe landed in the darkness with his army to take the city from the French. Not far from there the first seagoing steamer ever built in Canada was launched. It was the Royal William, the first ship to cross the Atlantic using steam all the way.

Transits of Venus and When Phenomena Occur

If the orbits of Venus, the earth and the sun were all in the same plane, a transit of Venus—her apparent passage across the face of the sun—would occur once in every 224 days, the time in which Venus takes to make the circuit of her orbit. But, says a writer in Cleveland Plain Dealer, owing to the different inclinations of these orbits it only happens at long intervals, that when Venus passes one of her nodes—or points at which her orbit intersects that of the earth—she is in a direct line between the earth and the body of the sun.

The earth passes the line of these nodes, respectively, on or about December 7 and June 6, so, that transits can only occur near these dates. Usually a pair of transits occur near one of these dates with an interval of eight years between; then 243 years must elapse before a transit can fall upon the same date again. But near the middle of this period—not exactly the middle, because neither Venus nor the earth travels quite uniformly in its orbit—one or two transits will occur at the other date.

There was a transit December 9, 1874, and another December 2, 1882, and another pair of December transits will not occur for 243 years—in 2117 and 2125; but during this period two June transits will occur, in the years 2004 and 2012.

Reading at Distance

From experiments made regarding the most favorable color combinations for reading at a distance, it was found that the most legible print was black upon yellow blackground. The order of merit obtained for different combinations is as follows: (1) black on yellow; (2) green on white; (3) red on white; (4) blue on white; (5) white on blue; (6) black on white; (7) yellow on black; (8) white on red; (9) white on green; (10) white on black; (11) green on red; (12) red on green.

"Have Got" Correctly Used

"Have got" is correctly used to indicate the result of a special effort, as "I went after the book and I have got it." But the use of "have got" for "have" is one of the most common errors in English. In statements concerning possessions, such as "I have got a headache," or "I have got a job," the redundant "got" should be omitted and the word "have" used alone. Also in statements concerning compulsion, similar to "I have got to go," the word "got" should be omitted.

Plant Beds Sterilized

Even plants need the safeguard of sterilization of their habitat on occasions. Operators of greenhouses are forced at times to sterilize the soil in the seed beds to prevent their plants from contracting various plant diseases which can cause thousands of dollars in damage unless prevented. The usual method of sterilization is to heat the soil in the seed beds with steam pipes, the soil being raised to a temperature of 212 degrees Fahrenheit.

The Dorr Rebellion

The Dorr rebellion was the outcome of an essentially democratic movement in one of the last strongholds of conservatism, on the question of manhood suffrage. On May 3, 1842, the "Suffrage Legislature" assembled at Newport, R. I., with Thomas W. Dorr as governor. King, the legitimate governor, proclaimed martial law. The suffrage party appealed to arms. Their troops were dispersed and Dorr fled.

Consistency of Fog

Fog is a heavy mist consisting of tiny globules of water floating in the air. Fogs on or near the sea are clouds come down to earth that spread out more than in the sky. The fog that forms over cities is the damp mist combined with smoke, dust and other impurities in the air. Fogs come when the upper air acts as a blanket and keeps the misty air down until the wind blows it away.

THE HERALD

CAMERON STUDENT IS WINNER ESSAY CONTEST

The Gorgas Memorial Medal was Thursday morning awarded to Ernest Sharpe, winning essayist, after a few words of presentation by Superintendent T. A. Fisher, during the regular assembly in the Yoe High school auditorium.

This medal, given annually by the Gorgas Memorial Society, is for the best essay in each school on the subject of disease-bearing mosquito control. This organization is formed in memory of the late Gen. William C. Gorgas, U. S. Army, and of his splendid and successful efforts toward making the Panama Canal Zone habitable, through controlling the disease bearing mosquito. To him many well-informed persons attribute the possibility of the construction of the Panama Canal, and it is an accepted fact that that construction was rendered far safer and less difficult through his labors.

In presenting the award, Mr. Fisher pointed out that the contest is natonal in scope, and prediced that the last of this essay has not yet been heard. He added that he had hopes that it would win the state. or even the national prize, the latter being $500 and a trip to Washington D. C.

In acceptance, Ernest modestly, and in a humorous vein, attributed his success to Lady Luck and to the whims of the judges. He also gave a few pointers to future contestants.

Eighteen members of the 1934 Junior and Senior Classes entered this contest, and Ernest is to be congratulated on his splendid showing among such competition.

Girl's Arm Broken In Accident At Milano

Injuries were received by Miss Mary Werner Friday morning at 2:30 o'clock at the viaduct at Milano when the car in which she and her mother, Mrs. Jennie Werner and Ernest Collins, Jr., were driving turned over at the curve which runs from the viaduct toward Cameron.

The trio had been visiting in Bryan and were returning to Cameron. Miss Werner's left arm was broken and she received a cut above the eye. The other occupants were not injured.

All three were brought to Cameron by a passing motorist.

Child Welfare Board Meets In Buckholts

The Milam County Child Welfare Board met in Buckholts on May 1st. Reports of officers indicated an interesting future for the new organization.

The sale of seal sto help crippled children has been successful and a number of schools, organizations and individuals have asked for more time to complete alloted sales. $50.00 has been received to date. Members of the board will study Texas laws relating to Children.

Parents of children attending the Clinic in Marlin last month, will receive reports this week in results of this examination. In Milam county one child has already benefitted by the clinics.

The next meeting will be in the home of Mrs. J. P .Love in Cameron on June 5th.

BANQUET

Members of the Young People's Presbyterian League were given a banquet at which time the newly elected officers were installed. President, Miss Josephine Baylor; Vice-President, Billie Gillis; Treasurer, Harold Jackson; Secretary, Jack Avriett. Giles Avriett, Jr. spoke on the Aims of the Young Peoples Organization.

Games, stunts and jokes provided amusement during the evening.

D. A. R.

First Memorial Services were held by the D. A. R. Chapter Thursday afternoon at 3 o'clock at Oak Hill cemetery when Bronze Markers were placed on the graves of five departed members.

Mrs. R. H. McIntosh, regent, made introductory remarks. Memorial address was made by Mrs. Jeff T. Kemp. Song by Mrs. Alex Triggs.

Tributes were paid to the following members who have passed on: To Mrs. W. H. Triggs, by Mrs. Sue Baskin; To Mrs. Mattie Pope by Miss Pearl Clement; To Miss Hattie Lake by Mrs. T. V. Adams; To Mrs. Kate Paden McLane, Mrs. T. S. Henderson read by her daughter, Mrs. Ernest Beard; To Mrs. Idella Green by Mrs. Graham Gillis. Closing Prayer, Mrs. T. V. Adams.

Memorial services will be held annually in the future.

Far ahead OF LAST YEAR'S GREAT SALES RECORD —and here's what's doing it . . .

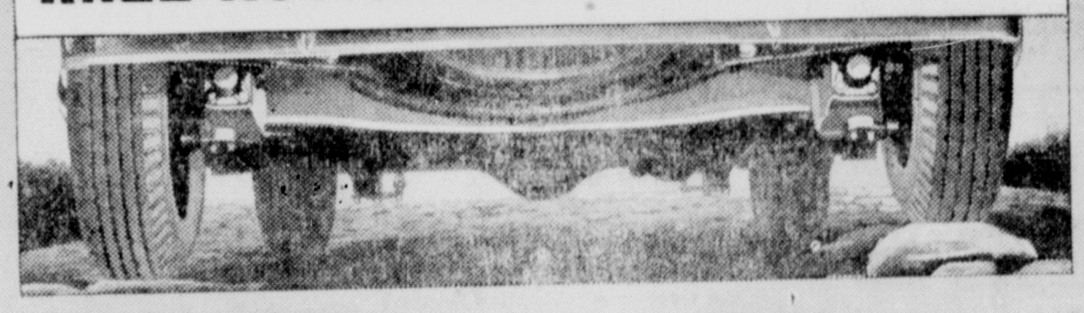
THIS FAMOUS WINNING COMBINATION OF FEATURES not found in any other low-priced car

CHEVROLET It was a great record of leadership that Chevrolet made in 1933! *It's an even greater, more impressive record that Chevrolet is making for 1934!* Already, sales are tens of thousands of cars ahead of last year. Production is running higher than that of any other automobile company in the world. And every day, from state after state, comes the same report on registrations: *Chevrolet is leading all other cars!*

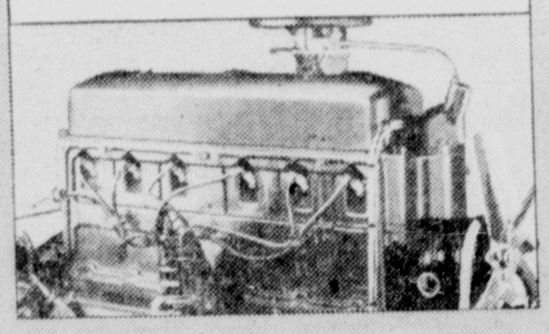
The big reason for such preference is plainly shown at the right. Chevrolet has so many vital features that others in the low-price field have left out: Knee-Action wheels that are *fully enclosed* for complete safety and absolute dependability. A six-cylinder valve-in-head engine with an exclusive "Blue-Flame" head. Big, "cable-controlled" brakes, the best in the low-price field. Large, spacious bodies by Fisher, with Fisher No Draft Ventilation. And real "shock-proof" steering that brings new ease and comfort to driving. No other low-priced automobile has a single one of these five leading 1934 features. That's why no other can be backed by such a confident statement as this:

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

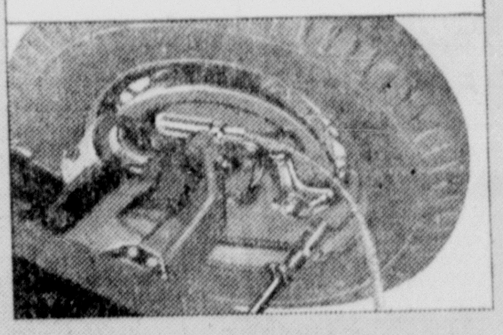
KNEE-ACTION WHEELS FULLY ENCLOSED AND WEATHERPROOF



80 HORSEPOWER—80 MILES AN HOUR
valve-in-head six of matchless economy



CABLE-CONTROLLED BRAKES
smooth and safe in any weather



BODIES BY FISHER
the biggest and finest among low-priced cars

SHOCK-PROOF STEERING
not found on any other low-priced car

Black-Draught For Dizziness, Headache Due To Constipation

"I have used Thedford's Black-Draught several years and find it splendid," writes Mr. G. W. Holley, of St. Paul, Va. "I take it for dizziness or headache (due to constipation). I have never found anything better. A short while ago, we began giving our children Syrup of Black-Draught as a laxative for colds and little stomach ailments, and have found it very satisfactory." . . . Millions of packages of Thedford's Black-Draught are required to satisfy the demand for this popular, old reliable, purely vegetable laxative. 25¢ a package. "Children like the Syrup."

CREAM GRADING HELD IMPORTANT TO PEOPLE

Miss Bertha Fae Strange, home demonstartion agent attended a cream grading school at College Station Monday for this territory.

Beginning on June 1 the cream buyers of Texas will begin buying cream on the basis of grades as given below, according to Miss Strange:

1. N. 1 sour cream shall be defined as cream that is slightly sour, clean to the taste and free from objectionable odors and flavors and containing not less than 25 per cent butterfat, and shall be free from all extraneous and deleterous matters.

2. No. 2 sour cream is defined as cream that is too sour to grade as first grade cream and may contain slightly off flavors and odors and shall be reasonably free from extraneous and deleterious matters.

3. No 3 cream shall be any cream that will not qualify as No. 1 or No. 2 cream and which consists of all cream containing oily, yeasty, musty, onion or any other similar flavor or foreign fats and scrap butter that would render it unfit for human consumption.

Of interest to milk producers is the information on how to avoid bitter milk. Take cows off bitter weeds and onions at least five hours before milking time and this will eliminate bitter milk.

DOCTORS HOLD MEET AT HOSPITAL HERE

The Milam County Medical Society held its regular monthly meeting in the Cameron Hospital Tuesday evening, May 8th at eight o'clock. An interesting and instructive program was rendered as follows:

MARGARET FISHER IS WINNER STATE TROPHY

In the school assembly Monday morning Margaret Fisher presented the State Interscholastic League Loving Cup for Girls' Extemporaneous Speaking to Yoe High school where it will be retained during the coming year.

Margaret, state winner in the meet held in Austin, May 3, 4 and 5, gave full credit for her wonderful record to Mrs. John Cecil Culpepper, who has worked with her and coached her tirelessly since before the county meet. She asked that some one else try to keep the cup in the school next year, as it has to be won three times to be kept permanently. She is disqualified in the future for having won.

Mrs. Culpepper commended Margaret on her splendid work, and especially on her fluent and well organized discussion which won the state contest. She brought out that the cup was for the best individual speech, boy or girl, and that the five judges unanimously awarded it to Margaret.

Ernest Sharpe, who attended the contests, gave a brief discussion of the high lights of the meet. Hilliard Thomas presided over the assembly.

Mr. Guy T. Newton, Yoe High principal, stated, in acceptance, that this is an honor which has not before come to this school, and for which the whole school joins to congratulate Margaret.

CORINTH 4-H CLUB MEETS

The Corinth 4-H Club girls met on May 7, 1934 at the home of Miss Norma Kuzel.

Miss Bertha Fae Strange, Home Demonstration Agent gave a demonstration on canning vegetables. We canned beets and snap beans. We also pruned and staked some tomato plants. It is best to fork tomato plants that are to produce fruit as late in the season as possible. This is done by allowing one sucker to grow out from the body of the plant. All others should be removed as they appear at the point of the leaves. Three clusters of tomatoes should be carried on the main stem and two on the sucker. Pruning and staking tomatoes improves the size, gives a more uniform fruit, but will not increase the quality of tomatoes produced.

Our next meeting will be June 11 at the home of Ludy Bolf. The demonstration will be on fruit preservation.

METHODIST BOARD ORDERS FINANCIAL REPORT PUBLISHED

In a recent meeting of the Board of Stewards it was agreed to publish a financial report covering the first six months of the conference year. The treasurer will close his books Monday May 14th and all contributions up to and including the above date will be shown in the report.

Representative Emory B. Camp and wife of Rockdale visited in Cameron Tuesday.

MISS MOLLIE MOORE DIRECTS GOLDEN CROSS

Golden Cross Week in the Methodist Church is May 13th to 20th Miss Mollie Moore is the director for the local church. All moneys given to Golden Cross will be sent to the Houston Methodist Hospital and placed to the credit of the Methodist Church of Cameron to be used for Charity purposes. The hospital agrees to match dollar per dollar and give two dollars worth of service for each dollar sent in on the Golden Cross or to transfer a like amount to the credit of any other Methodist Church on request.

MRS MILDRED PALMER OF ROCKDALE BURIED

ROCKDALE—Mrs. Mildred Palmer age 45, died at her home here Sunday after being an invalid for many months. Funeral services were held Monday morning, with the Catholic Priest, Rev. Father Apel in charge.

Surviving her are her husband Will Palmer, two daughters, Josephine and Yevonne Palmer and her mother, Mrs. Sralla.

Softball Tournament Organized By Scout Patrols In Cameron

The meeting was opened Wednesday night by Eagle Scout George Matocha, who led his troop in a pledge of allegiance to the Flag of the United States. A softball team was organized, and Troop 52 will play one of the Methodist teams at the City Park Thursday evening. As a finish of Troop business an overnight hike was planned for Saturday.

In the patrol meetings the Fox and X studied scout knot tying and the Morse code. The object of some of the games was to find the champion knot-tyer of the two patrols. Johnny Stanislaw, patrol leader of the Fox patrol won this struggle by tying the square knot, bowline, slip knot, fisherman's knot, sheet bent and the clove hitch in a little over two minutes.

The other bone of contention, Target Ball, was also won by the Fox patrol. At this point in the contest the Foxes were leading with 379 points to the Xs 333. When the meeting opened they were tied with 312 points each. Next Friday the Grand Contest will close, the winner being presented with a Scout First Aid Kit.

This is anybody's tournament! Remember, points are given not only for winning games and orderly discipline in the scout meeting, but also for passing scout examinations and a week is a mighty long time. Will the X be in front or will the Fox?

BRIDGE PARTY

Mrs. S. A. Cottle entertained with contract bridge Saturday afternoon complimenting her guest, Mrs. W. C. Shipley of Waco. Sweet peas were chosen for her flowers. The hostess served refreshments.

STATE MAKES HEADWAY ON CIGARETTE REVENUE

The State Comptroller's office, with its staff of field enforcement officers, are making headway in its battle against cigarette tax evasion, with the result that increasing revenues are pouring into the state treasury, C. E. Posey of San Angelo, state revenue inspector of cigarette tax, said while in Cameron on official business, several days ago.

The cigarette tax goes into the school fund, he said, and each package sold without tax means a three-cent loss by public schools of this state. Under the original bill, an allocation divided receipts between general revenue and school funds, but under the present status all tax is being used to maintain the schools, and cigarette consumers should not begrudge this fee, since it goes to diminish ad valorem taxes, he stated.

Hugh S. Veale of Taylor is in charge of Milam, Williamson, Robinson, Bell, Bastrop, Lee, Burleson and Brazos counties, and for the past several weeks, he has been assisted by Mr. Posey, who is in charge of seventeen counties in West Texas with headquarters at San Angelo. Collections in this section were reported to be in 100 per cent condition.

Revenue inspectors working thru the state comptroller are chiefly concerned with evasion of the three-cent tax on each package of cigarettes retailed. Evasion has been accomplished by interstate shipments and by counterfeit stamps, but the decalcomania stamps placed in use on March 26, 1933, have done much to stop the "Bootlegger" stamp, and the efficiency of inspectors has aided further the revenue collections.

Through court ruling the sale of cigarettes from other states has been placed in the inter-state class, and, therefore, state officers are powerless to stop the flood of "smokes" coming from Oklahoma and being delivered directly to the consumer. However, officers are free to make arrests of bootleggers who do not represent out-of-state interests in their sales.

Cigarette tax collections in the state began to rise immediately after the legislature entered the battle May 1, 1933, and January of this year showed an increase over January 1933 of $119,769.09. Every month has shown large increases over corresponding months of last year, according to tabulated figures from the comptrollers office.

Miss Lena Baskin Will Marry Gill DeWitt In Church Wedding Here on Monday June 4

The home of Mrs. Lena Baskin was the scene of a delightful party Saturday afternoon from four to six o'clock at which time the approaching marriage of her daughter, Miss Lena Bell (Dinks) Baskin, who is to be married next month to Gill DeWitt of Houston, was announced.

A pretty green, white and pink color scheme was carried out in all details. Pink roses were used in the reception rooms, and Queen Ann lace, combined with other white flowers, lent a floral effect in the dining room where the refreshments were served.

In the receiving line were Mrs. Lena Baskin, Mrs. C. J. DeWitt, mother of the groom to be, of Houston, Mrs. Hanna of Houston. Members of the bridal party were: Miss Clyde Baskin, sister of the honor guest,Mrs. W . H. Baskin, Mrs. Geo. Triggs, Mrs. Albert Triggs, Jr., and Mrs. La Bertice Robinson, who assisted in serving brick ice cream and white cake squares that were embossed with "Dinks-Gill, June 4th."

The marriage will take place at the First Methodist church Monday afternoon June 4th at 3:30 o'clock.

Miss Baskin was gowned in a brown net, and wore a shower bouquet of sweet peas tied with tiny silver ribbons.

LET US SHOW YOU THE GREATEST TIRE GOODYEAR EVER BUILT

New G3 ALL-WEATHER

43% MORE NON-SKID MILEAGE AT NO EXTRA COST!

YOU GET!

—a wider, flatter, heavier, All-Weather Tread! More non-skid blocks—Wider riding ribs—Tougher rubber . . . and more of it.

● Come see this brute-for-punishment — this great new "G-3" that Goodyear has built, tested, proved out under terrific abuse, to more than offset the harder wear put on tires by today's fast-stepping, fast-stopping automobiles.

We'll show you why it's the greatest Goodyear ever built—why it gives 43% longer-lasting non-skid — why Goodyear's patented Supertwist Cord makes it possible.

It's a costlier tire to build but not to buy — consider that important fact too as you look it over and we think you'll say: "Put on a set."

And here's the GOOD NEWS

This marvelous new G-3 All-Weather with its many advantages over any other tire on the market costs you nothing extra.

Here's what you get in Goodyear's new "G-3"!

You get the broader road contact of a flatter, wider All-Weather Tread.

You get quicker-stopping and the greater road grip of more non-skid blocks in the center.

You get the easy steering and smooth travel of wider riding-ribs.

You get the slow, even wear of closer-nested non-skid blocks and ribs.

You get more rubber in the tread—an average of two pounds more per tire.

—all of which adds up to 43% MORE NON-SKID MILEAGE at no extra cost to you!

BANZHAF TALKS TO MILAM WOOL GROWERS

To the Wool Growers of Milam County:

Farmers who have wool to sell may find it profitable to take their wool over to Bryan, Texas, and sell through the wool growers pool without any cost, as explained in a few concise statements from Mr. W. Whipprecht.

Geo Banzhaf, County Agent.

The loosely organized Wool Pool last year was very profgitable for the wool growers tributary to the Bryan market. On the day of announcing the pool last year, wool was bringing 14c in Bryan, while in the western market wool was bringing, in large lots of high class wool, as high as 25c pound. Here the price jumped to 20c. A large amount of wool was sold for that price at private sale, while the wool left for the pool brought 21c for the best. Present indications are that the price will be as good or better than last year.

On consulting with quite a number of growers we have decided to name May 26 as sales day and now suggest that all wool growers get ready and prepare their wool carefully, tying each fleece with paper twine, flesh side out, first removing tags. Save those tags and bring them along, as the buyer wants to know that they were removed ; he will pay you for your trouble. If your wool has cocklebburs, remove these before shearing, it will add to the price you receive. When you have your wool ready bring it to Bryan Cotton Warehouse where Mr. Jim Cloud will tag same and take care of your wool until sales day without charge to you or anyone else. Try to get your wool to the warehouse by May 25th so the buyers will have a chance to examine your wool carefully before the actual sales day May 26th. Each buyer present will list the lots by number the name and put the price behind the name and hand the list to Mr. Cloud by 12 noon May 26th. All lists in, Mr. Cloud will read the name of each wool grower and the price offered. The owner then will accept or reject the best price offered just as he wishes. After all bids are read, the wool will be weighed and you will receive your check.

W. Wipprecht, President.

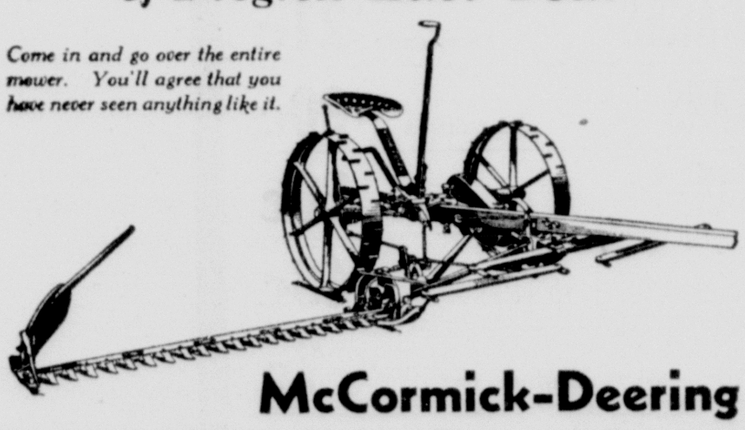
This is the New Mower the Crowds Admired at A Century of Progress Last Year

Come in and go over the entire mower. You'll agree that you have never seen anything like it.



McCormick-Deering No. 7 Enclosed-Gear Mower

WE are anxious to have all of our friends see the New McCormick-Deering No. 7 Enclosed-Gear Mower. We think it is one of the finest pieces of farm equipment we have ever sold!

Everybody who has seen it says they never had any idea that a mower could be built as this one is.

For example: The entire operating mechanism, including drive gears, differential, and countershafts, is assembled compactly in an oil-tight gear housing and runs in a bath of oil. There are four high-grade roller bearings. Operation is so smooth and noiseless that you can scarcely hear the light hum of the sickle!

Special oil seals at the ends of the main axle and flywheel shaft, and the oil-tight gear box prevent leakage and protect all working parts against the entrance of dirt and other abrasive materials. Floating action of cutter bar provides ample play without disturbing knife registration.

LOWER TAXES

What? Yes

DEPRESSION laws knocked off the usual penalties and interest and substituted lower rates on taxees delinquent July 1, 1933. You will recall that from time to time the Legislaure of Texas has been suspending penalties, interest and costs on delinquent taxes. In September 1933 the last measure of this kind was enacted, with a provision written into the law, providing that this should be the last Remission Bill ever to be passed by the Legislature. This special law is known as Senate Bill No. 262 and by its own provisions expires and ceases to exist June 30, 1934. On July 31, 1934, all regular penalties, interests and delinquent costs return. You may pay taxes delinquent for 1932, or any prior year, by paying the amount af taxes due plus a penalty of only 6% except that for 1929 and prior years certain costs are due, which are not remitted.

We submit the following example:—

In July 1934—

30½ % will be added to 1930 taxes delinquent.
24½ % will be added to 1931 taxes delinquent.
18½ % will be added to 1932 taxes delinquent.

(A delinquent cost will accrue in addition to above)

$100.00 taxes delinquent for the year 1930 may be satisfied in full during May or June for $106.00; however, the same taxes paid in July would be $131.50, and the same differences apply for all other years.

For your information we call attention to Senate Bill No. 4 passed by the same Session of the Legislature that gave us above remission law, which is an Act providing for the transfer of the lien for taxes that the State, County or defined subdivision thereof, has upon real property. In other words, if a delinquent tax payer is unable to pay taxes delinquent at this time and thereby realize a substantial saving, he may arrange with a friend, or other persons, to pay the taxes and request a transfer of the lien for the taxes, which transfer is executed by the Tax Collector and gives the individual the same lien and security for taxes held by the State.

We urge every delinquent tax payer to take immediate action to adjust all past due taxes as it is practically certain that relief from penalty will never again be offered. We make the further suggestion that where delinquent tax payers do not avail themselves of the opportunity now presented and pay up delinquent taxes it will become necessary to take steps to enforce statutory liens for taxes and this action will proceed as rapidly as practicable after July 1, 1934.

eral recognition over the county. Mr. Bonds held the office of Collector of Taxes at one time and knows from experience every detail of the business. For more than eight years he has been engaged in business here.

Mr. Bonds is a Democrat and runs for this office as a Democrat. He has never violated his primary pledge, has always supported the nominees of his party and given aid and support to its officers and policies. Having always been a loyal party member he feels grateful for the support of Democrats and pleased with the success of the party and its candidates.

A man of genial disposition, Mr. Bonds claims the friendships and the loyalty of hundreds. He possesses rare qualities for friendships and derives his much deserved popularity from the fact that he has been most successful in meeting and dealing with people and could discharge the duties of this office to great advantage because of these admirable traits. As a business man, a native citizen, familiar with all sections of the county, knowing tax matters from experience, Mr. Bonds has the loyal recommendation and support of a horde of friends for this place.

Mr. Bonds will make an active campaign to talk with the voters and to ask for their support for this office. In the event he does not have the opportunity to talk with every voter, he takes this method of extending to that one and to all this cordial invitation for their support assuring them of his lasting appreciation.

In discussing his race, Mr. Bonds expressed the belief that by reason of his experience as a business man he could and would bring to this office the beneficial rendition of a high class public service that would result in greater economy and more efficient administration of the people's business. This is his pledge and he would consider it a privilege to serve the people in this way.

He respectfully asks consideration of these qualifications by the voters and urges his friends to become active in his behalf so that his candidacy will be brought to the attention of all the people. In grateful appreciation for these considerations, he submits his candidacy and asks for your support.

to be dissatisfied with telephone service

The men and women who furnish your telephone service here could not do their job so well without the help of Bell Telephone Laboratories, research organization of the telephone service. . . . .

Four thousand workers in Bell Telephone Laboratories, the research organization of the telephone service, search constantly for scientific short-cuts and inventions that will give you better telephone service at a low cost.

They have, through their researches, made it possible for you to talk across continents and seas. They have made a single long distance line carry four simultaneous conversations. In scores of ways, they have contributed to the quality and clearness of your local telephone service.

Bell Laboratories is one of a specialized group of organizations that serve the 24 Bell operating companies, of which the Southwestern Company is one. It plays an important part in giving *you* good telephone service at a fair cost.

This is a fundamental Bell System policy. Back of it is our belief that in an undertaking planned, like the telephone service, for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the sounder, more enduring success.

GRAVES OF WAR DEAD ARE DECORATED HERE

Sponsored by Daughters of the Confederacy, graves of Confederate soldiers and soldiers of all wars were decorated Tuesday morning.

The group with flowers met under the trees in Oak Hill cemetery where short services services were held. Ritual and prayer were led by Miss Mollie Moore. Roll call of the soldiers of all wars was read by Will Paden after which Mrs. Pearl Clement, Mrs. Zora Wilkerson and Mrs. Estelle Paden visited each soldier's grave to place floral tributes. Five government headstones were dedicated on the Confederate lot.

Mrs. Jeff Kemp read how monuments were secured by help of Congressman Luther Johnson and marked from data received from the late Capt. J. J. Irvin in 1918.

Two unknown Confederates died on Milam County Poor Farm and were buried by their living comrades so long ago that their names are forgotten. The third unknown was a Confederate Reunion visitor from Austin who died suddenly at the old Smithwick Hotel.

The fourth unknown was once well known in Cameron but neither his real name on his confederate record could be learned from his friends. He was remembered as "Uncle Billie" and was a wood carver. Friends cared for him in his old age and finally buried him on the confederate lot. A headstone has been placed for John Powers, bearing his name and regimental number. His daughter, Mrs. Pete Hefti and family of Maysfield, are proud to have his tomb honored by the United Daughters of the Confederacy.

In the old cemetery, flowers were placed and a marker furnished by the U. S. Government, was dedicated to an unknown Union Soldier who was killed in a fray while U. S. Trops were stationed in Cameron during Reconstruction days. His name is unknown but his memory will be preserved by the local chapter. Several well known Confederate graves have been recently marked by government headstones. These headstones are of American white marble 39 inches long, 12 inches wide and 4 inches thick, with name, rank and organization followed by the letters C. S. A.

Mrs. J. T. Simpson of Eldorado, Arkansas, was a week end guest of her sister, Mrs. W. L. Cannan at the Methodist parsonage.

Judge Jeff T. Kemp and M. G. Cox returned from Mexia Wednesday night where they attended Grand Lodge of the Knights of Pythias. Judge Kemp went as a representative of Cameron Lodge No. 125 and Mr. Cox is a Grand Trustee of the Orphans Home in Weatherford.

Mrs. C. F. Allen and Mrs. C. F. Allen, Jr. of Calvert and Mrs. G. Trollinger of San Antonio were guests Wednesday of Mrs. Trent Newton.

Mr. and Mrs. Ivan Cleek were shopping in Temple this week.
